Day 1
Experience Culture & Adventure In The City

Start the day exploring Brisbane’s cultural precinct accompanied by expert curators. Explore Queensland’s history and wander through world-class exhibitions at the Queensland Museum and marvel as you wander through the Gallery of Modern Art (GOMA), which has exhibited the likes of Andy Warhol, Valentino and the exclusive-to-Brisbane Marvel: Creating the Cinematic Universe.

After lunch, make the most of Brisbane’s 283 days of sunshine per year – there are a wide range of team building activities in Brisbane that take advantage of the year-round outdoor lifestyle for which the city is famous. Team up to navigate the city’s landmarks in an Amazing Race-style experience, beginning with a creative challenge incorporating the popular BRISBANE sign.

Celebrate with a welcome reception at the grand Newstead House, featuring a special welcome from a local Aboriginal group or dine at one of Brisbane’s many restaurants that offer dinner with a view.

Day 2
Discover Moreton Island

Cruise across to Moreton Island, the third-largest sand island in the world. Explore the island on quad bikes, kayak the crystal-clear water, take a banana boat ride, sandboard down the sand dunes or snorkel the shipwrecks.

Tuck into lunch by the seaside at Tanga-looma Island Resort. Dine on a smorgasbord of fresh prawns, oysters and crab, enjoying picture-perfect views and the ocean breeze. At sunset, the island’s world-famous wild bottlenose dolphins gather at the shoreline for dinnertime. For an unforgettable experience, wade into the water and hand-feed the dolphins.

Day 3
Meet Australian Wildlife

Take the scenic route to Lone Pine Koala Sanctuary via a private boat along the Brisbane River. Hand-feed the kangaroos, marvel at the platypus and have a photo taken of you cuddling a koala – we promise they’re very friendly. Finish with an Aussie barbecue for lunch. Pose for a team photo like no other from the top of the Story Bridge after conquering your fears by reaching the peak. It’s one of only three bridge climbs in the world and offers a unique perspective of see the city from above.
